

ELECTION SIGNS

The District of Lantzville Traffic Bylaw No. 28, 2004 exempts election signs from bylaw requirements prohibiting placing signs in road rights-of-way. However, the following rules and procedures do apply:

- Candidates are reminded that during the course of the campaign period, signs often get blown over or damaged. Please ensure that you check your signs frequently to ensure that the signage does not create an untidy appearance or a hazard.
- You may only place election advertising signs on private property *with the permission of the owner*.
- As a property owner, the District of Lantzville **does not permit** election advertising signs on municipal property, parkland, buildings, fences/structures, in landscaped boulevards, or locations where sprinkler systems may be damaged or locations which may cause a hazard or hinder the safe movement of pedestrian or vehicular traffic.
- As a property owner, the District of Lantzville **does permit** election advertising signs in road rights-of-way (*except at bus stops, on landscaped boulevards, medians or traffic islands*) provided:
 - it does not limit visibility or create a safety hazard or hinder the safe movement of pedestrian, bicycle or vehicular traffic
 - it is not attached to trees, sign posts or flagpoles
 - signage is non-illuminated
 - signage is not placed on a vehicle or trailer parked for the purpose of advertising
 - signage does not impede access to businesses, or the signs of businesses in the area
 - it is placed a safe distance from the shoulder edge of the street (provide a small buffer from the roadway or face of the curb)
 - if the sign is within 10 metres of a driveway, the sign is placed a minimum of 3 metres from the traveled portion of the road
 - it is removed in a timely manner following the election, and in accordance with applicable Provincial legislation
 - non-compliant signs will be removed
 - placement considers sight distance restrictions and sign placement complies with the following excerpt from the Zoning Bylaw.

7. Setbacks - Sight Triangle

On a corner parcel in any zone there shall be no obstruction to the line of vision above the height of 0.5 m of the established grade of a highway within the sight triangle, being a triangular area formed by extending a 6.0 m boundary along the parcel lines from the point of the exterior corner intersection of the parcel lines and a line connecting these two points as illustrated below:

Sight Triangle (not to scale)

- Telus and BC Hydro do not allow the placement of signs on their telephone or hydro poles. Individuals placing such signs may be subject to fines.
- The Ministry of Transportation and Infrastructure has rules in place that apply to elections addressing the placement of election signs. Attached is a copy of Technical Circular T-01/11. You should confirm with the MOT if this information is still current. You are also responsible for ensuring that election signs placed meet the requirements of applicable agencies and legislation, e.g. Elections BC and the *Election Act*.

Policy:

The Ministry conditionally allows signs in relation to election, referendum, initiative vote, initiative petition and recall petition (henceforth collectively referred to as "election signs") on highway rights-of-way, with the exception of any major highway structures and highways specified in the policy. Only individuals and groups registered in accordance with this policy may post signs on highway rights-of-way.

Election signs must:

- Only be installed by an individual or organization that is registered with a Municipality, Elections BC or Elections Canada to sponsor advertising, such as a political candidate, political party, registered advertising sponsor, a proponent or opponent, or an authorized participant.
- Identify the owner of the sign, and a BC telephone number or BC mailing address at which the owner may be contacted.
- Only be installed following the drop of a writ of elections, or 36 days prior to a Municipal election, or following the issue of a writ or order of referendum, or following the beginning of a recall petition period, initiative petition period, or initiative vote period, and must be removed on the day following the end of the electoral event.
- Be further from the road than standard traffic signs.

Election signs must not:
