Additional Information
November 20, 2024, Regular Council Meeting
Regarding Item 8a [Legion Plaza]

Re: - Council meeting

November 20, 2024

Item 8a Legion Plaza

Council must do the right thing and support what the Legion has proposed for the plaza. There have been letters as well as residents speaking at council meetings in support of the Legion. Social media is not the place that council should use as a source of information. No one has submitted letters to be included on meeting agendas for anything other than what the Legion has requested.

Anyone familiar with the lower walkway at Victoria Inner Harbour will see bollards and chains separating people from falling into the water or concrete below. Safety doesn't appear to be an issue there.

If benches are a big issue, benches can be added later. Once the anchor and bollards are in place the Legion can have a look at the remaining space.
Don't waste anymore staff time and move on and show the respect that the Legion deserves.

Sincerely,

[redacted]

Lantzville
