AUDITORS' REPORT

To the Mayor and Council
District of Lantzville

We have audited the consolidated statement of financial position of the District of Lantzville as at December 31, 2003 and the consolidated statements of financial activities, changes in financial position, changes in operating fund balances, changes in capital fund balances and changes in reserve fund balances for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the District as at December 31, 2003 and the results of its operations and the changes in its financial position for the year then ended in accordance with Canadian Generally Accepted Accounting Principles for British Columbia Municipalities.

1. INCORPORATION OF THE DISTRICT OF LANTZVILLE

The District of Lantzville is a municipality that was incorporated on June 25, 2003 pursuant to the issue of letters patent dated April 3, 2003. All of the assets, liabilities and operations of the Lantzville Improvement District and the Sunset Beach Improvement District were transferred to the District of Lantzville effective midnight June 25, 2003, as required by the Order of the Lieutenant Governor in Council of the Province of British Columbia dated April 3, 2003. These improvement districts were subsequently dissolved.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of presentation

The District of Lantzville, (the District), follows accounting principles generally accepted for British Columbia municipalities. The financial statements have been prepared using guidelines issued by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

The financial resources and operations of the District have been consolidated for financial statement purposes and include the accounts of all of the funds of the District, the General, Water, Sewer, Capital and Reserve Funds.

Operating Funds – These funds comprise the principal operating activities of the District and include the sewer and water utilities. As at December 31, 2003, the fund balances were as follows:

General revenue fund	\$1,083,430
Water revenue fund	324,219
Sewer revenue fund	<u>1,021</u>
Total	<u>\$1,408,670</u>

**DISTRICT OF LANTZVILLE
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2003**

Capital Funds – These funds are used to acquire capital assets. The fund balances represent the differences between the cost of capital assets acquired and the funding which has been obtained. As at December 31, 2003 all capital asset acquisitions were fully funded. Accordingly, the December 31, 2003 balances of the capital funds relating to the General, Sewer and Water Funds were zero.

Reserve Funds – These funds have been created to hold assets for specific future requirements. They are comprised of the funds shown in Note 11.

(b) Accrual accounting

The District uses the accrual method for reporting revenues and expenditures.

(c) Physical assets

Physical assets purchased or constructed are reported as capital expenditures and are classified according to their functional use. Physical assets that are donated are reported at fair market value at the time of donation. Amortization is not recorded, since the District follows a policy of appropriating surplus for major asset replacements and improvements.

(d) Restricted revenues

Receipts that are restricted by the legislation of senior governments are deferred and reported as restricted revenues. When qualifying expenditures are incurred, restricted revenues are brought into revenue at equal amounts.

Revenues received in advance of related expenditures are deferred until they are earned by being matched against those expenditures.

(e) Financial instruments

The District's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities and long term debt. Unless otherwise noted, it is management's opinion that the District is not exposed to significant interest, credit or currency risks arising from these financial instruments.

(f) Use of estimates

Preparation of financial statements in accordance with accounting principles generally accepted for municipalities requires management to make estimates based upon assumptions. These estimates and assumptions affect the amounts of assets and liabilities reported or disclosed as at the date of the financial statements and the reported amount of revenues and expenditures during the period. Significant areas requiring the use of management estimates relate to the collectibility of accounts receivable, deferred charges and provisions for contingencies. Actual results could differ from those estimates. Adjustments, if any, will be reflected in operations in the period of settlement.

In accordance with the provisions of Bylaw 156, on December 11, 1985 the Lantzville Improvement District issued a debenture to the Province of British Columbia to finance the construction of a new fire hall and the purchase of a new fire engine. The District assumed this liability upon incorporation on June 25, 2003. The debenture incurs interest at the rate of 10.875% and is payable in annual installments of \$97,861 including principal and interest. The final installment is due on December 11, 2005. The debenture is secured by a pledge of the fee collecting and taxation powers of the District.

The amounts due in each of the next two years are:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

**DISTRICT OF LANTZVILLE
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2003**

7. RESTRICTED REVENUE

Restricted revenue comprises funds transferred from the Regional District of Nanaimo that must be used to acquire parkland. The funds arose in the past as District property-owners paid cash in lieu of dedicating parkland, as required by legislation for subdividing their property. Upon incorporation, the District assumed responsibility for managing parks within its jurisdiction and accordingly received the related funds.

8. INVESTMENT IN THE LANTZVILLE WOODLOT CORPORATION

In 2003, the Ministry of Forests invited applications to manage Woodlot Licence No. W1475, relating to Crown forestland within the District. In order to qualify, a woodlot licence applicant must be a corporation and must contribute private land.

To qualify as an applicant for this woodlot licence, the District purchased all of the outstanding shares of 596321 B.C. Ltd. (the Lantzville Woodlot Corporation). The District transferred ownership of land costing \$259,000 (Lot A, District Lot 44, Wellington Land District) to the Lantzville Woodlot Corporation.

To apply for this woodlot licence on a joint basis, the Lantzville Woodlot Corporation formed a partnership with Nanoose First Nation pursuant to an agreement dated December 10, 2003. Under the terms of this partnership agreement, each partner has an equal interest in the assets and operations of the partnership. (The partnership is a separate legal entity from the Lantzville Woodlot Corporation. Accordingly, the Lantzville Woodlot Corporation retains an undivided interest in its own assets and operations.) The partnership will dissolve in the event that the Woodlot Licence No. W1475 application is not successful. As of the date of these financial statements, the Ministry of Forests has not determined who will be the successful applicant for this woodlot licence.

As at December 31, 2003, the investment in Lantzville Woodlot Corporation comprises:

Land	\$259,000
Legal and consulting fees	<u>13,445</u>
	<u>\$272,445</u>

13. COMMITMENTS AND CONTINGENCIES

Pension liability

The District and its employees contribute to the Municipal Pension Plan (the plan), a jointly trustee pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of benefits. The pension plan is a multi-employer contributory pension plan. Basic pension benefits provided are defined. The plan has about 123,000 active contributors including approximately 28,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent valuation as at December 31, 2000 indicated funding surplus of \$436 million for basic pension benefits. The Joint Trust Agreement specifies how surplus assets can be used. The actuary does not attribute portions of the surplus to individual employers. The District of Lantzville paid \$9,545 for employer contributions to the plan in the six-month period from inception on June 25, 2003 to December 31, 2003.
