### **Social Media Comments regarding the Proposed Nanaimo Events Centre**

**Lantzville, BC** – On Monday, March 13, 2017, Council passed a motion to issue this Media Release regarding social media comments made by District of Lantzville Mayor Colin Haime regarding the proposed Nanaimo Events Centre.

Council for the District of Lantzville wishes to state that the comments made by Mayor Colin Haime on Facebook and elsewhere regarding the proposed Nanaimo Events Centre do not reflect the views of Council.

We recognize and affirm the long standing practice in the region that one municipal government should refrain from commenting on the affairs of another municipal government.

We are confident that the Nanaimo Council will act in the best interests of Nanaimo residents whom they are elected to represent.
