## **MEDIA RELEASE**

### **Public Access Trail to Seaview Elementary School Reopened**

**Lantzville, BC** – On Tuesday, April 25, 2023, the trail for public pedestrian and bicycle access to Seaview Elementary School reopened.

The District appreciates the civic-minded cooperation of the property owner, LPL, for granting the District the licence to re-establish the trail to Seaview Elementary School field that Council was aware was sorely missed by the children, families and pedestrians who used and appreciated the trail.

The District will insure and indemnify the property owner Lantzville Projects Ltd. (LPL) against claims and will be responsible for any damage. The District looks forward to the community's responsible use and maintenance to support the continued use of the trail. Please pick up any waste, comply with the prohibition of motorized vehicles, and respect no trespassing signage installed on private property.

For additional information regarding the reopened trail accessing the Seaview Elementary School field, contact Mayor Mark Swain at 250.714.9708 or [mayor.swain@lantzville.ca](mailto:mayor.swain@lantzville.ca).
