Subdivision Application Information

Purpose

To provide a quarterly update of in-process subdivision development applications within the District of Lantzville.

Policy

In keeping with Council's direction to promote an open and transparent process, the Planning Department will:

- Provide a list of in-process subdivision applications within the District of Lantzville;
- Update the list quarterly; and
- Post the list on the District of Lantzville website.

The information shall include the:

- Application file number;
- Project description;
- Project location; and
- Project status.

The public will be required to contact the Planning Department should they wish to view detailed plans of the project.
