

DISTRICT OF LANTZVILLE PROJECT UPDATE

DISTRICT OF LANTZVILLE AGE-FRIENDLY PLAN

The District of Lantzville is developing an Age-Friendly Plan and is looking for input from people of all ages to identify how we can make Lantzville a better place to live and age.

An age-friendly community is an inclusive place where older persons can live safely, enjoy good health, and continue to participate fully in society.

Across the country, the proportion of seniors has been rising steadily over decades, with seniors now outnumbering children in Canada. In Lantzville, over half of the population is between the ages of 45 and 74 and about 24% of people are over the age of 65.

The District is developing an Age-Friendly Plan to proactively address the needs of our older and aging population by providing directions, priorities, goals, and actions to support residents to age in place.

The Age-Friendly Plan will consist of three phases:

1. Research
2. Public Engagement
3. Plan Development

GET INVOLVED

1. Learn more and stay up to date with the Age-Friendly Plan

WEBSITE: www.lantzville.ca/age-friendly

2. Attend an Age-Friendly Open House (Registration is required)
