Some people who received this message don't often get email from [redacted] earn why this is important

Dear Council,

In regards to permit number 3090-20-DVP24-3, which is requesting a development variance Permit, I oppose the development variance permit.
The setbacks have been set and should be followed by all, except in extreme situations where there is no other option. This property does not need a variance, as is clear from the plans..
I see this as encroachment on public space.

Patricia Good
